Snow Closing Information

If Evesham Schools are closed due to inclement weather, the Center will also be closed.

All classes are handled in the same manner except that they are geared for the age indicated for each class. Beginning students are taught the basics of drawing, which is the foundation for all fine art work. As the student becomes acclimated to the pencil, he or she will be introduced to other fine art media. This includes colored pencil, pen & ink, pastel (oil or chalk), watercolor, acrylic and oil. All classes are taught one-on-one so that no class will have over 10 students. Students may select their own projects from home or from references in the classroom.
